

Client Relations Has Never Been in Better Hands

JULY 13, 2011 – NEW YORK – Cyber Security Auditors & Administrators LLC (CSA²), the dedicated team of experts in the field of privacy data, as well as pre-breach and post-breach solutions, is proud to announce another blockbuster addition to their stellar roster. Michael DeCamillis joins CSA² as Regional Vice President of Technical Services.

Client relations and customer support are necessities that CSA² considers the utmost importance. Michael DeCamillis brings extensive experience in Enterprise Resource Planning (ERP) implementation in the I-Series environment. He has a balanced background in the mid-range market utilizing his hands-on experience in data conversion, customization, and support and training coupled with years of business experience running his own company, Dolvin Consulting.

Just some of his varied expertise includes helping companies with his extensive knowledge in support, sales, and management to form long-term relationships with clients, thereby aiding with problem-solving and helping them grow. “Their success is my success. We have a mutually vested interest in the success of their business,” Mr. DeCamillis says.

Mr. DeCamillis is a graduate of Rutgers University, has received a networking diploma from Mercer County Community College, and earned MCSE certification from Microsoft Corporation. He chairs the MRCC Technology Committee, participates regularly in Chamber’s Membership, Power Lunch and Expo committees, and is an honoree of the Mercer Regional Chamber of Commerce as “Volunteer of the Month.”

Not only is your information guarded with the highest security and compliance with federal and state privacy laws even easier, but now with Michael DeCamillis becoming part of CSA², your complete satisfaction has never been in better hands.
